CALL FOR PAPER

The ACSS-2018 International Doctoral Symposium aims to facilitate PhD scholars to present and discuss their doctoral research with senior researchers in a constructive and friendly atmosphere. Each contributed paper must have at least one enrolled PhD student as the first author of the submission and his/her supervisor(s) as co-author(s).

Submission

We welcome all such authors to submit research papers to 5th International Doctoral Symposium on Applied Computation and Security Systems (ACSS-2018). Any work that is not presented in ACSS-2018 shall not be included in the post-conference book. This symposium would be best suited for scholars who already have a plan outlined for their dissertation in one of the following broad areas:

- Computer Vision & Signal Processing
- Security for Internet of Things
- Security in mobile and cloud scenarios
- Remote Healthcare
- Deep learning
- Cloud Computing
- Privacy and Confidentiality
- Big Data and Data Mining
- Bioinformatics and Systems Biology
- Computer Forensics
- Analysis and Verification Techniques
- Large Scale Networking
- Distributed Systems
- Software Engineering
- Human Computer Interaction
- Access Control
- Android Security
- Mobile and Pervasive Computing
- Malware Analysis
- Biometrics-based Authentication

The submission draft for full papers should be limited to 10-12 pages. The authors of selected papers shall be required to submit an extended version of their work for publication as a book chapter in the post-symposium book. All papers will be carefully reviewed by the program committee and a balanced program will be selected based on relevance and technical soundness. Please download the proceedings template for the manuscript and author instructions from http://www.springer.com/computer/lncs?SGWID=0-164-6-793341-0. Each paper will receive at least two blind reviews. Please note that author names, affiliations, etc. are not to be included in any form in the manuscript, failing which, the paper will be rejected. In case of any queries, please contact us at acsscu2018@gmail.com.

The selected and presented works for ACSS 2018 are to be published by Springer after the symposium as an edited book in the series "Advances in Intelligent Systems and Computing" (http://www.springer.com/series/11156).

Submit your Paper through:
https://edas.info/listConferencesSubmit.php?_qf__listConferencesSubmit=&name=ACSS%2718&action=Search

Publications and Indexing

The ACSS 2018 authors shall be asked to submit an extended version of their work based on the discussions during the symposium. This extended version will be published as a book chapter in the bi-volume post-symposium book to be published by Springer. The ACSS book volume(s) are indexed by Thomson Reuters (ISI Proceedings), EI-Compendex, DBLP, SCOPUS and others. Extension of some of the selected papers will also be published in a Special Issue of Springer Computational Science Journal or in a Special Issue of Inderscience International Journals of Biometrics.

IMPORTANT DATES:
- Submission Due : August 31, 2017
- Author notification : November 15, 2017
- Paper Submission & Author Registration : December 31, 2017
- Symposium : February 09-11, 2018

Please find more details about the Symposium and details on previous years’ events in the symposium website at http://acss.cucse.org/
